Re: Update on Transition of Wave 2 Parts for US Customers

For 3M's transition of connector operations, please be advised that 118 parts representing the entire 3M™ Four-Wall Header, 2500 Series in Wave 2 should now be ordered using the new Southeast Asia (SEA) Source of Supply (SoS) Legacy SKUs and SAP IDs. Please refer to the list in Appendix A for the transition status and cross-reference list for all parts being transitioned in this wave. This is also available through bCom.

There are four additional parts that will be moving to end of life with a last time buy of 12/31/2020, on a first come, first served basis and while supplies last. These parts are accessory latches for the 3M™ Surfacemount Header, N4600 Series.
