Description and Purpose:

ON Semiconductor has been informed by Panjit Americas Inc., our Subcontractor vendor for the listed products in this notification, that their wafer fab will cease operations on or before August 31, 2016.

The discontinued support is related to a change of focus of the business of Panjit Americas Corporation, and is not an event within ON Semiconductor control.

This change in business focus requires them to discontinue all products that are produced at the Panjit Americas Manufacturing facility located at Tempe, Arizona.

Despite several discussions between the management team of ON Semiconductor and Panjit America Inc. this decision is final.

Although we realize the importance of the long term availability of our products, we see currently no other option than to offer a last time buy (LTB) opportunity for these products.

PLEASE NOTE: ON Semiconductor may implement minimum order quantities or dollar amounts based on inventories available. Also, Devices on this Product Discontinuance become NCNR (Non-Cancelable, Non-Returnable).

For questions or concerns regarding this notification, please contact your local sales office or customer service representative.

NOTE: ACCEPTANCE IS SUBJECT TO REASONABLE ORDER QUANTITIES, PRODUCT AVAILABILITY AND ALL OTHER APPLICABLE TERMS AND CONDITIONS
