Select Bourns® Toroid Inductors

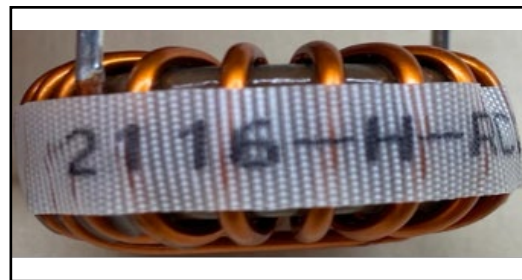

Change to Part Number Marking Tape

Riverside, California – August 23, 2021 – Effective immediately, Bourns will change the tape used for the component part number marking label from epoxy film electrical tape to glass cloth electrical tape for Model [2100](#), [2200](#), [2300](#), [2100HT](#), [2200HT](#), [2300HT](#), [5700](#), [7100](#), [PM2110](#) and [PM2120](#) Series Toroid Inductors. The abrupt obsolescence of the existing tape by the tape manufacturer requires this change. The replacement tape has similar characteristics to the current tape. A list of affected part numbers is included on the next page.

Current Tape

Replacement Tape

The form of the affected inductors will change due to the change in tape. The fit, function, quality and reliability of the affected inductors remain unchanged. Samples are available upon request.

Implementation date code is as follows:

First date code using the above change: **2133**

If you have any questions or need additional information, please feel free to [contact Customer Service/Inside Sales](#).

Users should verify that the described changes will not impact the performance of the product in their specific applications.

IC219901
